

MASTER-CLASS ON WATERCOLOR WASHING TECHNIQUE

On November 1, 2019 at the department of Architecture of KazGASA within the framework of discipline Architectural Graphics and Composition, Master-class on the technique of watercolor washing was held.

Tatiana Kim, the presenter of TiannArt-Almaty school, was invited to the students' lessons. In a creative, informal atmosphere, the students of the 1st and 2nd courses performed an exercise on washing a previously drawn fragment of the facade on A3 watercolor paper, following presenter's instructions of master-class.

We thank T.Kim and TiannArt-Almaty School for informative and interesting Master-class.
