

Regulations of the Republican Olympiad of the Faculty of Architecture of the Kazakh Academy of Architecture and Construction of the IEC in the educational program "Architecture" in the framework of the "40th anniversary of KazGASA" and "60th anniversary of architectural education in Kazakhstan" "Architects of the future!"

1. General provision

1.1 These Regulations determine the status, aims and objectives of the Republican Students' Olympiad, Faculty of Architecture of the Kazakh State Academy of Architecture and Civil Engineering (KazGASA) and the order of the Olympiad.

1.2. Olympiad is an intellectual and creative competition for students in grade 11.

2. Main targets and aims of the Olympiad:

development of creative abilities;

- deepening of theoretical knowledge and practical skills;
- promotion of personal self-realization;
- identification of talented applicants with the potential to study in the educational program "architecture".

3. Requirements for participation:

-Pupils of the graduating class (11th grade) can participate in the Olympiad.

3.1 Obligatory registration:

- Follow the link in the Instagram profile header @kazgasa_fa
- Join in the Whatsapp chat, follow the link for registration.

4. Theme of the Olympics:

"Architecture of Kazakhstan: Great Steppe Heritage and a Glimpse into the Future".

Tasks for Olympiad participants

The first task is not complicated but interesting. It is necessary to draw plans and facades of historical monuments of architecture of Kazakhstan on the sheet of A3 Vatman to scale of M 1:100. Here you will need to understand the scale and feel the main dimensions and proportions.

Materials and tools: A3 poster board, simple pencils, rulers, squares: (30°-60°-90°), (45°-45°-90°), eraser, compasses, protractor.

Technique of performance - line drawing.

The second task is aimed at revealing the creative thinking abilities of the participants. It is necessary to create an architectural fantasy on a sheet of A3 paper on the topic "Skyscraper of the future", guided by their own ideas about the architecture of the distant future, focusing on the introduction of innovative technologies, structures and materials.

Materials and tools: A3 size Watman, simple pencils, rulers, angles: (30°-60°-90°), (45°-45°-90°), eraser, compass, protractor, colored pencils, felt-tip pens, markers, white and colored paper.

The technique is mixed.

Responsible editors will conduct a series of preparatory training seminars for participants (in online format).

5. Order of the Olympiad

- Olympiad is conducted in online format:

- Applications for participation are accepted until 27.02.2021.
- Date of Olympiad: 28. 02. 2021.
- Time limit for the task - 4 hours.
- Registration: 8:30 - 09:00 a.m.
- The beginning: 10.00 a.m.
